TO THE LADIES.

INTELLECTUAL DEVELOPEMENTS AND PERSONAL BEAUTY CONSIDERED IN CONNECTION WITH DOCT. FELIX GOURAUD'S POUDRES SUBTILES.

The sculptor whose study is to imitate the exquisite workmanship of nature, pourtrays in his model of the human form a broad and elevated forehead. This developement is not only consonant with, but sometimes necessary to the possession of a high order of mental faculty. If a fine forehead is a mark of intellect, it is no less an essential element of personal beauty, and it is of importance to those, and there are many such possessed of this prominent feature, though obscured by the encroachments of a too luxurious growth of hair, to remove that portion of an excrescence which tends, in their case only to deform. This can be done safely, speedily, effectually, and, if used in accordance with directions, without the least inconvenience, by Dr Felix Gouraud's Depilatory Powders. The furze of the lip, when annoying, or the short hair on the back of a ladies' neck, when too apparent the hair of a mole, or the beard, when hig upon the cheek, may all be removed, and eventually the roots destroyed, by the use of this preparation.

Manufactured by Dr Felix Gouraud, 67, Walker street one door from Broadway, N. York $1 00 per bottle.

GOURAUD'S EAU DE BEAUTE, OR TRUE WATER OF BEAUTY.

For removing Freckles, Tan, Pimples, Blotches, Sores, Burns, and all Cutaneous Eruptions, realizing delicate white hands, neck and arms, and eliciting a healthy juvenile appearance. ☞ $1,00 per bottle.

GOURAUD'S VEGETABLE ROUGE!

Composed materially from flowers and supplies a delicate carnation tinge to the cheek, immovable by perspiration or rubbing with a handkerchief or a linen cloth. ☞ 50 cents per bottle.

To be had in Bangor of the sole appointed agents, Messrs. WHITTIER & GUILD, Druggists.

THE LION OF THE DAY.

THE OLD VEGETABLE OR GERMAN PILLS.

☞ *POSITIVE, OR NO PAY.*

THEY are highly recommended by Dr. Valentine Mott, of the city of New York. A medicine to prevent the attacks of disease, to keep the system in healthy action, and to eradicate as soon as possible every disease as soon as it appears, has been the great study of medical men for many years without success. The subscriber, however, not expecting his Pills to cure all the ills which flesh is heir to, confidently recommends them as certain and efficacious in the following: Headache, Jaundice, Dyspepsia, Cholic, billious, remittent, and intermittent Fevers, diseases of the Liver, and Spleen, Female Obstructions, Rheumatism, Foul Stomach, Dizziness of the Head, Loss of Appetite, Weakness, and trembling of the Limbs, Nausea, or sickness at the Stomach, Flushings of the Face, Summer Complaints, Measles, Scarlet Rash, and will be found invaluable in complaints of the Digestive Organs, and particularly those arising from impurity of the blood. As a preventive against Fevers, no persons should go to a warm climate without a box of these Pills; they are entirely of vegetable ingredients, and can be taken safely without fear. Price, 37½ cents a box.

For sale at A. GEYER'S Drug Store, 104 Hanover street, corner of Salem street, BOSTON, General Agent for the N. E. States, and may be had at most of the Drug Stores in the U. S. and in the Canadas.

The genuine Pills have the written signature of *MERRITT GRIFFIN* on each box

HUMAN HAIR.

Cleanliness of the Head & Hair.

STRANGE it is that persons who attend strictly to personal cleanliness, baths, &c. should neglect the Head the Hair the most essential the most exposed and the most beautiful, when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandruff or scurf, with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this article? I answer fearlessly, No if you have once tried and experienced its purifying effect, its sweet perfume.

A hundred articles have been put forth on the credit of this the only first the only really valuable article. A mass of testimony from all classes on these facts.

LOOK OUT. Counterfeiters are abroad; look always for the name of COMSTOCK & Co., on the splendid wrappers, and never buy it without that name.

[From the Boston Chronicle, Jan. 10.]

☞ We see by an advertisement in another column, that Messrs. Comstock & Co., the Agents for Oldridge's Balm of Columbia, have deputies to sell that article in Boston and elsewhere. We know a lady of this city, whose hair was so nearly gone, as to expose entirely her phrenological developments, which, considering that they betokened a most amiable disposition, was not, in reality, very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to miscalled restoratives, purchased, some months ago, a bottle or two of Oldridge's Balm, and she has now ringlets in rich profusion, glossy and of raven blackness. We are not puffing none of the commodity has been sent to us, and, indeed, we do not want any, for, though we were obliged to wear a wig a year ago, we have now, through its virtues, hair enough, and of a passable quality of our own.

Daring Fraud.

The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used, unless it have the signature of COMSTOCK & CO. on a splendid wrapper. This is the only external test that will secure the public from deception.

Address COMSTOCK & CO., Wholesale Druggists, New York, 71 Maiden Lane.

LORRAINE'S PILLS,

OR VEGETABLE UNIVERSAL MEDICINE CURATIVE

OF THE

French College of Health, in Paris.

THE following letter was received yesterday by mail from Salem. It gives another evidence of the great success of *Lorraine's Vegetable Universal Pills.*

SIR I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inutility of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.

J. E. NEWHALL.

Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.

SIR It ook one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.

Yours truly, J. B. LIGHT.

Nov. 20th, 1841.

[From Boston Daily Mail.]

Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.

SIR I have been effectually cured of a severe headache by the use of Lorraine's Pills.

SARAH NOYES.

SIR My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.

Rev. J. KNIGHT.

New York City, Nov. 1, 1841.

Family Medicine.

SIR I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from from 25 to $100 per year for medicines and physicians; since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.

Hartford, Conn. July 8.

Lame Back.

Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.

Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

Sick Headache.

Mrs. Bird of Providence says, that 'Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.

The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.

The extraordinary virtues of Lorraine's Pills depends upon extracts of over 50 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.

DAILY WHIG AND COURIER.

JOHN S. SAYWARD, Editor.

WEDNESDAY, MAY 11, 1842.

The Branch Mints and the Opposition.

The Globe and kindred prints are laboring to get up a specie humbug excitement, by representing that the abolishing the three useless and expensive branch mints, is for the purpose of keeping down specie, and preventing it from becoming plenty in every man's pocket, and to put up paper which none but the rich may handle.

The fact is well known that up to 1835 all the United States coins were coined at the mint in Philadelphia. The day of golden humbug was then ushered into the world, and three branch mints were established to make gold coins as thick as blackberries, for they seemed to suppose that if they had the tools and workmen, they could make up a rousing lot of the article. But they forgot that they must have stock the "raw material," or their machinery and men must remain idle. And as if purposely to keep out of the mints all the foreign gold coins in the country, a law was passed raising their value, thus rendering it wholly unnecessary to send them to the mints.

It appears by a report made during the present session, upon this subject, says the Lowell Courier, that the erection of the new mint in New Orleans cost the people but little short of *half a million of dollars*; and those at Charlotte in N. C., and Dahlonega in Ga., were in proportion equally expensive. The gross amount paid for these useless establishments up to Sept. 1841, is $22,455 72. They have not been of any possible utility whatever. These three branch mints together coined up to 1st January last $9,004,700, which could every farthing of it have been coined in Philadelphia without additional expense, the workmen employed there being paid and standing idle half the time. *It has been proved by the late report that for every dollar coined in these three branch mints, the people of the United States have paid over* $1, 30!

Having proved that these extra mints were useless, worse than useless, the Whigs have abolished them. These mints have been the scenes of the most profligate expenditures ever known. They have been nests for the cormorant sinecurists of party to feast and fatten in, and it was to break up these nests of corruptions that the Whigs, among other motives, were induced to strike them out of existence.

Here are a few of the items of expenditures. Look at them, and digest them well. These are for the mint at New Orleans.

J. M. Reid, building 4 *bath houses*, flagging yard, paving, &c.	$8,099 00
Clay & Clark, 7 baths, 1 closet	1,700 00
Stiles & Miller, 594 yards of wood pavement	2,376 00
Some other person, paving yard	3,846 00
Clay & Clark, finishing closets	818 28
Total	$16,839 28

Who ever before heard of a bill amounting to near *four thousand dollars*, paid out without knowing the name of the individual to whom paid, or of crediting it to "*some other person*."

Fire in Woodstock, Vt.

The Woodstock Telegraph received last evening, gives an account of a fire that occurred in that village on Friday last, by which we regret to learn, the furniture establishment of our fellow citizens, Messrs. Newhall & Moore was consumed. The fire commenced in the blacksmith shop occupied by William Camber which communicated to the establishment of Messrs. Newhall & Moore, Cabinet-makers, who had but a short time ago established themselves in Woodstock. From thence the fire caught the barn and office and finally the dwelling house of W. T. Wilmot, Esquire, immediately adjoining; and also a barn belonging to the Misses Smith. The Bridge was several times on fire, and it was feared for a time that the whole village would be laid in ashes. The Fire Engine and the officers and soldiers of the 60th Regiment, with the inhabitants, worked with great energy, and succeeded in stopping the progress of the flames. Loss estimated at $4000.

Launches.

The Schr. Eclipse, of 130 tons burden, will be launched this day at 11½ o'clock, from the ship yard of Mr. Isaac Dunning. She is owned by Messrs. W. A. Blake and others, and is intended as a Packet between this Port and Boston, and will be commanded by Capt. J. P. Rich.

The Schr. Express, of 130 tons, will be launched from the yard of D. K. Arey, Esq., at Hampden, this day. She also is intended as a Packet between Bangor and Boston, and is to be commanded by Capt. Elisha Parker, and is owned by him, Joseph Bryant, and others.

The Schr. Hepzebah, 125 tons, will be launched from the ship yard of Theophilus Nickerson, Esq., Brewer Village, this day, at 12 o'clock. She will be commanded by Capt. J. G. Smith.

☞ Our province neighbors are getting a little uneasy about the settlement of the boundary. They are quite vexed that they were not consulted as to what instructions should be given to Lord Ashburton, of which they are now as ignorant as any body in the States. We beg of them not to express too much solicitude upon the subject, as we fear they may excite the hopes of our people on altogether too favorable a line. We should prefer that the general expectation should not be too highly raised, but prepared, for the sake of a general settlement of of difficulties between the two nations, for a line of boundary less favorable than all would heretofore, have insisted upon. We beg of the provincials to keep cool!

☞ Capt. Collins of brig Falconer arrived at Boston reports that on the 13th of March while at anchor off Indio, a severe cannonading was heard, supposed to have been an engagement between the Buenos Ayrean and Montevidean squadrons. On the morning of the 15th when passing Montevideo, the Buenos Ayrean squadron was seen inside the harbor. The latter consisted of a ship and two barks. The former, of a ship, three brigs and a schooner.

☞ We learn by the Portland Advertiser that a brick dwelling house on Stevens's Plains, near the Westbrook Seminary, occupied by Dr. Tobie, was consumed by fire on Sunday last. The fire is said to have originated in the garret from warm ashes that were used by some small children, providing for a litter of young kittens with which they were amusing themselves. Loss $2000. No insurance.

☞ The Washingtonians in the cities of New York and Boston, are all alive in the holy cause which they have espoused. Hon. Messrs. Briggs and Marshall have been delivering addresses at New York to the delight of all who could get within hearing of their voices.

Cannot our "cradle of liberty" be warmed up for a few nights in favor of this noble cause?

☞ Mr. Warland who has acquired a wide reputation for ability as an editor, has retired from the Claremont Eagle, and the chair is now occupied by Mr. Weber. We wish the Eagle success, and so able a champion as Mr. Warland a more commanding position.

☞ Robert Kinland, a young man, was drowned in Boston Harbor on Friday last. He was one of a fishing party and was thrown overboard by one of the flukes of the anchor catching in a part of his dress.

☞ We are really rejoiced to hear that the First Parish have concluded to give their meeting house a good coat of paint. Cannot the proprietors of some of the other churches do likewise?

☞ One of the Chelsea Ferryboats was run into by a schooner, a child was injured and the boat damaged to the amount of three hundred dollars.

☞ Rev. Mr. Peabody of Portsmouth, N. H. is attracting much attention in Boston in lecturing upon wine drinking.

☞ One of the cars on the Hamburg (S. C.) Railroad took fire while in progress and caused much alarm among the passengers, but little damage.

☞ Locusts have appeared in great abundance in the middle counties in South Carolina.

☞ A tremendous tornado has been recently experienced in Missouri.

☞ The Concord (N. H.) Statesman has been enlarged, and improved. It deserves prosperity.

☞ Negro stealing is getting to be the order of the day in Arkansas.

Connecticut.

The Legislature of Connecticut having on Thursday last made choice of Chauncey F. Cleaveland, Esq. to be Governor, by 139 votes, over Wm. W. Ellsworth, who had 68, a committee proceeded on the same day to Hartford to notify him of his election.

The Governor elect proceeded immediately to New Haven, and on the following day he met the two branches of the Legislature in the Representatives chamber, and took the oaths of office. At 11 o'clock on Friday he addressed a message to the two branches, on the state of public affairs, both National and those of the State.

Mexico.

Captain Anoux, arrived at New Orleans from Metamoras, with dates of April 19th, states that a rumor was current there

That a body of Texans were encamped 150 miles above the city that 1000 Lepan Indians, supposed to be acting in concert with the Texans, were in the neighborhood and had killed several Mexicans. The greatest alarm prevailed at Matamoras the inhabitants being apprehensive that the troops could not maintain the town in opposition to so large a force.

Colonel Kinney and two other Texans renegades had arrived at Matamoras. The Colonel stated that he had a narrow escape from a party of Texans, who pursued him as far as Laguna Col. K. had been sent for by Arista.

One thousand Indians of the Liban tribe supposed to be engaged in the Texans service, had been several days in the neighborhood of Metamoras. They had killed a number of Mexicans.

Yucatan.

Papers have been received at New Orleans to the 5th of April inclusive. In consequence of the refusal of Mexico to open her ports to Yucatan; the purchase of war Steamers and armed vessels; the studied delay of the Mexican administration to come to terms, and other suspicious signs, the Governor had decided to convoke an extra session of Congress, in order to provide immediate and efficient resources for defence and offence. Congress was to assemble on the 17th of the present month. At the same time, in order to act in good faith, his Excellency has commanded an election for delegates to a convention to be held on the 9th of June, in Mexico, for the purpose of fixing the conditions of the re-union between Yucatan and that country.

The rumors are renewed at the South of expected changes in the Cabinet, particularly in the State and War Departments not however in such form as to give them much claim to credit. We cannot suppose it probable that the Secretary of State will abandon his post, while the important negotiation with Great Britain is pending, or at least until he shall meet with some insuperable obstacles to the successful prosecution of that negotiation.

Mrs Gove, in one of her lectures, says she once saw a young lady whose beauty accomplishments, and general knowledge made her quite fascinating; and yet she was so ignorant of anatomy, that speaking of one of her friends who had a spinal disease, she said her friend was dreadfully afflicted with a spine in her back bone.

Among the floating rumors of the day, we notice one strongly intimating a coalition between Spain and Mexico. Considering how well able these two kingdoms are to help each other, the probability of such an alliance cannot fail to be very alarming, especially to Texas. The consequences to the United States, likely to flow from a combination of elements so formidable to the progress of the Anglo-Saxon dominion, we would not venture to predict but the consideration of them may be well worthy of the study of politicians and statesmen. To us, however, the happening of the contingency alluded to, does not seem at all probably. The internal affairs of Spain are sufficiently troubled to demand the undivided attention of Government. The tenure to the rich island of Cuba is more than precarious: and all the disposable force of Spain is needed, to hold in subjection this last remant of her once vast and magnificent colonial empire.

New Orleans Bulletine.

☞ The Mayor of Baltimore acknowledges the receipt of donations to the amount of $2700 in behalf of the sufferers by the explosion of the steamer Medora.

Should the duty on foreign cheese be abolidhed, which is now 9 cents per pound, the Hollanders could supply the American market at 4 cents a pound, and make a profitable business. What say the farmers of New England to a free trade?

Canal Steamboat.

A curious piece of floating material in the way of a steamboat, now runs regularly between this place and Albion. The boiler, (6 horse power,) is near the bow of the boat. The wheel is in advance of the boiler. The body of the boat is built upon timbers, which stretch along its outer edge. The waves caused by the wheel are thrown between these timbers, and are spent before they reach the stern of the boat. The result is, the sides of the canal are not disturbed, although the boat moves off easily at the rate of five miles the hour. It seems to work very well, and may do. *Roch. Dem.*

Geological Changes.

It is stated in a late number of Galiguani's Messenger that a geologist who has lately travelled in the west of France has made some curious observations on the accretions of the shores principally in Vendee and the ancient Poitou. Their alluvial increase has been so great that the spot where an English 64 gun ship was wrecked in the middle of the last century is now the centre of a field of corn. The harbor of Piyny is dry, and the port of Rabaud, where not long ago vessels of 170 tons entered easily, is now 3000 metres from the sea. The Port of St. Giles is filling up, and the harbor of Gachere is barred. All this has occurred within a century, and has proceeded altogether from accumulations of sand, for it has been demonstrated by numerous observations made at Brest, that no change has taken place on the coast of France of the level of the ocean.

Delirium Tremens.

This terrible malady, the consequence of free continued indulgence in intoxicating drinks, may be effectually cured by giving the patient a strong decoction of wormwood, taken as hot as it can be borne, and repeated until the agitation subsides, and sleep is obtained. If this does not answer, and it continues for a long time, anodynes may be administered by a skilful and strictly *temperate* Physician. In nearly one hundred cases of Delirium Tremens at the House of Correction in this city, we have the authority of Doctor Butler for saying that every one has been cured by Wormwood Tea, taken hot and freely. Not an individual had died of this complaint at the Wethersfield State Prison while Capt. Pillsbury was Warden. Such facts should be copied into all our papers for the encouragement of those who wish to reform, and the information of their friends. [Mer. Jour.

Maple Sugar.

A correspondent of the New Genesee Farmer states that a little Indian meal thrown into the sap is of great advantage in clarifying it, and producing a white sugar. As this is the season of Sugar making, it would be well to try the experiment. The receipt is as follows;

To the sap required for 40 or 50 lbs. of sugar, add about a pint of corn meal, to be put in while cold, and boiled together. For some time, the process was a secret, it having been accidentally discovered by a farmer, whose sugar in consequence, always commanded a higher price and readier sale than his neighbors, and who, for a long time would not let the method be known.

☞ I. M. Gourgas, of Weston, a farmer of much experience and intelligence, disapproves of applying whitewash or any caustic wash to the trees; but he has found "great advantage in the application of ashes to them at the roots. To my inquiries of one of the best farmers in the county, whose trees were in the most healthy and perfect condition possible, what wash he applied to the bark, he answered the only wash he applied was to the Roots; that he kept the trees themselves enriched and cultivated in as careful a manner as he would if they had been the most delicate and valued exotics. [Colman's Report

☞ Says Jake to Zephaniah the other day, "Zeph, why are all mankind like travelling musicians?" Zeph scratched his head. "Why you green un, don't they all get their living by their g inding organs?" Zeph didn't sleep a wink that night. The next day they met again. Says Zephaniah, "Jake, why can deaf and dumb persons be heard farther than those possessing the faculty of speech?" "You have got me there." "Because actions speak louder than words." Jake was found drowned the next day.

☞ An individual in Cincinnati, who was erecting a house, was the other day mulcted in $275 damages at the suit of a person who broke his leg against obstructions which the defendan had left in the street in front of his new house.

☞ A Young physician of Rome, says a letter from that city, has succeeded in discovering the means of petrifying all substances of organic formation, without their being changed materially in color. A few days are sufficient to perform this transformation. He has already exhibited flowers, birds, fishes, and even human heads, beautifully petrified.

The celebrated Melancthon said: "Married life appears to me a sort of philosophical discipline, training persons to honorable duties, worthy of the good and wise. Few unmarried people are affected as they ought to be towards the public good, and perceive what are really the most important objects in life."

Dr. , of the army, remarked the other day, speaking of his brotherhood, "that though not actually called upon to expose themselves in battle, he presumed that there were none of them who did not stand, whenever occasion required it, *to bleed for their country.*"

☞ That Press has too much liberty which wantonly assails the memory of the departed which drags into its discussions of public men and measures, the privacies of social life, and which blackens private character, for political effect.

"De conkrekation vill pleeshe to sing the von dousandth and two'th psalm," said a Dutch parson, as he gave out the morning hymn.

"There are not so many in the book," responded the chorister.

"Vell, den pleeshe to sing so many as tare pe." *Sunday Mercury*

'Much remains unsung,' as the tom-cat remarked to the brickbat, when it abruptly cut short his serenade.

Why is a PRINTER like a righteous man? Because the *devil* fears him.

Do you see any thing green there? as the bud said to the peach blossom.

To the Workingman.

When you behold a candidate
For office, proudly stride along,
Or at the caucus hear him prate,
Lamenting o'er the poor man's wrong,
Restrain yourself, keep on your hat,
Make not the least obsequious fuss,
For what has an aristocrat
In Congress, ever done for us?

When you behold a hero, crowned
With laurels he has never won—
While venial fools with looks profound,
Tell how the glorious deed was done,
Restrain yourself: keep on your hat,
Make not the least obsequious fuss,
But tell his conscience-keepers that,
They shall not palm their lies on us.

When they lament that trade is dead,
Our factories in a decline,
That industry is begging bread,
And they are stinted in their wine,
Restrain youreself: keep on your hat,
Make not the least obsequious fuss,
Though they lament, be certain that
'Tis for themselves, and not for us.

When they declare each poor man's vote,
A knell for sacred freedom tolls,
That honor virtue shun the coat,
Where poverty is picking holes,
Erect your head, cock up your hat,
Scorn them, and their unholy fuss,
And tell the venial hirelings that,
They never shall defranchise us,

When candidates, with accents bland,
In crowded streets encounter you
And seizing on your toil-worn hand,
Ask how your lovely children do,
Restrain yourself: keep on your hat,
Nor make the least obsequious fuss,
Despise them if 'tis only that,
They should affect to care for us.

But when equality shall spread
It's banner to the morning air,
And call the spirits of the dead,
To bless their sons assembled there,
Arouse yourself, throw up your hat,
Rend with your shouts the welkin blue,
For know 'mid countless thousands that
We hail in each a brother true.

A MECHANIC.

The Husbandman.

Earth, of man the bountous mother,
Feeds him still with corn and wine;
He who best would aid a brother,
Shares with him these gifts divine.

Many a power within her bosom
Noiseless, hidden, works beneath;
Hence are seed, and leaf, and blossom,
Golden ear and clustered wreath.

These to swell with strength and beauty,
Is the royal task of man;
Man's a king, his throne is Duty,
Since his worth on earth began.

Bud and harvest, bloom and vintage,
These, like man, are fruits of earth;
Stamped in clay, a heavenly mintage,
All from dust receive their birth.

Barn and mill, and wine vat's treasures,
Earthly goods for earthly lives,
These are Nature's ancient pleasures,
These her child from her derives.

What the dream but vain rebelling,
If from earth we sought to flee?
'Tis our stored and ample dwelling,
'Tis from it the skies we see.

Wind and frost, and hour and season,
Land and water, sun and shade,
Work with these, as bids thy reason,
For they work thy toil to aid.

Sow thy seed and reap in gladness!
Man himself is all a seed;
Hope and hardship, joy and sadness,
Slow the plant to ripeness lead.

—[From the Boston Post.]

SHORT FACTS *To the afflicted.* It is sometimes urged that the Rheumatism cannot be cured by external applications. This may be true sometimes; but it is certainly true that this distressing complaint cannot be reached by internal remedies, except by their long and constant use, by which, perhaps, at the same time, the system becomes generally deranged, debilitated and destroyed. Even were not this the case, how shall the great distress of the sufferer be alleviated, while such slow and doubtful remedies have their effect? The answer is plain, candid, and most true; use Dr. Hewes' Nerve and Bone Liniment. No name can be more appropriate It reaches and soothes the nerves, and allays pains most effectually on its first application, and by a few repetitions, removes more effectually and speedily than any internal or external application was ever known to. Its effects are powerful and immediate. Let those afflicted try it but once, and they must be convinced— [It can be had of

Bangor, Feb. 25, 1842. D3tW3m.

The vegetable remedy for diseases arising from the impurities of the Blood; Dyspepsia, Scrofula, and all chronic diseases; also a substitute for Calomel as a cathartic in fevers, and all bilious affections.

FROM the extensive applicability to general disease, which this remedy possesses, as is demonstrated in the detailed cures of the various complaints, the proprietor feels justified in claiming for it superior consideration. The numerous testimonials of its effects, from physicians, druggists, and distinguished individuals, places it beyond the doubtful remedies of the day and entitles it to special confidence.

These Pills have acquired an unprecedented celebrity as an anti-dyspeptic and *anti-bilious remedy*; and this reputation being fully sustained by the high character of its testimonials and the increasing demand for the Medicine, it is only necessary for the proprietor to continue the caution, that the public may not mistake other medicines, which are *introduced as Tomato preparations*, for the true Compound Tomato Pills.

They have no rival in curing bilious diseases, dyspepsia, liver complaints, sick headache, jaundice, rheumatism, heart burn, acid stomach, palpitation, loss of appetite, costiveness, &c.

Those who wish the genuine medicine, so highly recommended, entirely vegetable, and prepared by a regularly educated Physician, must be particular to inquire for PHELPS', and see that they are labelled Dr. PHELPS' COMPOUND TOMATO PILLS.

☞ For a full account of this medicine, testimonials, &c., see pamphlets to the hands of all who sell it.

☞ None are genuine without the signature of G. B. PHELPS, M. D., sole proprietor, Hartford, Conn.

☞ For sale in Bangor, by G. W. HOLDEN, G. W. LADD and A. P. GUILD, and by authorized Agents in nearly every town in the State.

THE MOST HIGHLY APPROVED MEDICINE

Now in general use for Coughs, Colds and all Diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is believed to be the most popular medicine ever known in America, for Coughs, Colds, Asthma, or Phthisic, Consumption, Whooping Cough, and Pulmonary Affections of every kind.

Extracts from Certificates.

Dr. Samuel Merrill of Concord, N. H., writes "That he is satisfied the Vegetable Pulmonary Balsam is a valuable medicine, having been used with complete success in cases which had previously resisted the most approved prescriptions."

Dr. Truman Abell of Lempster, N. H., writes that he confidently recommends its use in all complaints of the chest, as a *quick, if not superior to any other medicine* within his knowledge.

Dr. Amory Hunting of Franklin, Mass., writes that after having prescribed the usual remedies without relief, and having consulted with several eminent Physicians, he has found the Vegetable Pulmonary Balsam to have had the desired effect, and recommends it as a safe, convenient and efficacious medicine.

Dr. Thomas Brown, of Concord, N. H., writes that, to his knowledge, it has never disappointed the reasonable expectations of those who have used it.

The public are particularly cautioned against the many Counterfeits or Imitations, which have partially or wholly assumed the name of the genuine article.

☞ Be assured that it is not genuine unless one or both of the written signatures of SAMPSON REED or WILLIAM JOY'S CUTLER, are found attached to the yellow label on a blue envelope. LIVER COMPLAINT, AND ALL SICKNESS & DISEASES.

DR. LIN'S

Temperance Life-Bitters, AND CHINESE BLOOD-PILLS.

The Greatest Secret Discovered!!

PURGE—purge purge has been the cry for the last few years. This has been effectually tried, and yet sufferers have multiplied and died; and why? Not because purging was not necessary, but *too much* has been done without the tonic to follow, and sustain the system. Purge, you must! The sickly humors of the blood must be carried off or the accumulation of them prevented. Prevent, then, the growth of such humors.

Why do the Chinese live to such immense ages, and still retain the powers of youth or middle age? Because they purify the blood. *The Chinese* BLOOD *Pills* so called because they work upon and cleanse the blood are the standard remedy. These Pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of the base humors which infest the blood, and which only increase by purges, unless the Bitters are taken after. Buy, then, these Pills and Bitters. Take weekly the Pills and daily the Bitters; and if you are or have been invalids for days, weeks, months, or years, you will find the sickly humors drawn off, and prevented from a return, and the *sallow yellow hue* of sickness change rapidly to the *full blooming glow of health and youthful buoyancy.*

There are cases so numerous of these brilliant effects, that time and space forbid an attempt to put them down. Buy and use these medicines, and use *no other*, and health and strength shall be yours. See wrapper and directions that come with them.

FRAUDULENT COUNTERFEITS

will be attempted. Buy no remedy of the kind unless it have my name O. C. LIN, M. D. on the wrapper, and also the notice as follows:

"Entered according to Act of Congress, A. D. 1841, by THOS. CONSEL, in the Clerk's Office of the District Court of the United States for the Southern District of New York."

Warranted the only genuine.

Messrs. COMSTOCK & Co., New York, are the sole wholesale Agents for the United States and all neighboring countries.

TO THE OLD AND YOUNG. Ho! Ye Red Heads & Grey!

PHENOMENON IN CHEMISTRY.

East India Hair Dye.

Colors the Hair and will not the Skin!!!

THIS Dye is in form of a Powder which in plain matter of fact may be applied to the Hair every night; the first night turning the lightest *red* or *grey hair* to a dark brown, and by repeating a second or third night, to a bright jet black. Any person may, therefore, with the least possible trouble, *keep* his hair any dark shade or a perfect black; with a positive assurance that the powder, if applied to the skin, *will not* color it. *There is no trouble in removing it from the hair, as in all powders before made.* By an occasional application, a person turning grey will never be known to have a grey hair! Directions complete with the article. There is *no coloring* in this statement, as one can easily test.

☞ *These facts are warranted by the gentleman who manufactures it, who is the celebrated chemist, Dr. Comstock, author of Comstock's Chemistry, Philosophy, and many other works well known and widely celebrated by the public.*

This Dye is sold by COMSTOCK & Co., 71 Maiden Lane, New York.

A GENTLEMAN belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year 1818 up to recently, been bent nearly double, and for several years confined to his bed, has been restored to good health has regained his natural erect position and has quitted his carriage, and now walks with ease!! We believe this is the gentlemen's own description as near as possible, and there is no exaggeration in it. We will give inquirers his address, and doubt not his humane feelings will excuse the liberty; so that any one *doubting* may *know* these facts though he requests his name may not appear in print. Among other similar instances, Mr. James G. Reynolds, 111 Christie street, has been restored, and will give personal assurances of the facts of his case. THE BEST METHOD FOR ABOLITION OF DISEASE

IS TO CLEANSE AND PURIFY THE

Wright's Indian Vegetable Pills, or Indian Purgative.

Of the North American College of Health.

Are now acknowledged to be the best medicine in the world for the cure of

EVERY VARIETY OF DISEASE

Because they thoroughly cleanse the stomach and bowels of those bilious humors which not only paralyze and weaken the digestive organs, but are the cause of headache, nausea and sickness, palpitation of the heart, rheumatic pain in various parts of the body, many other unpleasant complaints.

THE INDIAN VEGETABLE PILLS

Are also a certain cure for intermittent, remittent, nervous, inflammatory and putrid fevers; for they cleanse the body of those morbid humors which when confined to the circulation, cause of all kinds of

FEVERS.

So, also, when morbid humors are deposited on the membrane, and muscle, causing the inflammations and swellings, called

RHEUMATISM, GOUT, &c.,

The Indian Vegetable Pills may be relied on always certain to give relief, and if persevered with will most assuredly, and without fail, make a perfect cure of the above painful maladies. From three to six of said Indian Vegetable Pills taken every night on going to bed, will in a short time completely rid the body of every thing that is opposed to health, that Rheumatism, Gout, and all of every description, will be literally

DRIVEN FROM THE BODY.

From the same reason, when, from sudden change of atmosphere, or any other cause, the perspiration is checked, and those humors which should pass off by the skin, are thrown inwardly, causing

HEADACHE, GIDDINESS,

Nausea and sickness, pain in the bones, watery inflamed eyes, sore throat, hoarseness, coughs, consumptions, rheumatic pains in various parts of the body, and many other symptoms of

CATCHING COLD.

THE INDIAN VEGETABLE PILLS will invariably give temporary relief. From three to six of said Pills taken every night on going to bed will in a short time, not only remove all the above unpleasant symptoms, but the body will be restored to even sounder health than before. The same may be said of

ASTHMA, OR DIFFICULTY IN BREATHING.

The Indian Vegetable Pills will loosen and carry off by the stomach and bowels those viscid phlegmy humors which stop up the air cells of the lungs, and are the cause not only of the above distressing complaint, but when neglected, of consumption, a still more dreadful malady, which

CONSUMPTION.

It should also be remembered that the Indian Vegetable Pills are certain cure for

PAIN IN THE SIDE,

Oppression, nausea, and sickness, loss of appetite, costiveness, a yellow tinge of the skin and eyes, and every other symptom of a torpid or diseased state of the liver; because they purge from the body those impurities which if deposited upon that important organ, are the cause of every variety of

The public will also remember, that all who have the genuine Indian Vegetable Pills are provided with a certificate of Agency, signed by

WILLIAM WRIGHT, VICE PRESIDENT OF THE NORTH AMERICAN COLLEGE OF HEALTH.

and that pedlars, are never to in any case allowed to sell the genuine Medicine. All travelling agents will be provided with a certificate of agency as above described and those who cannot show such will be known as base impostors.
